

WIN! A CUTE ONESIE FROM WINTER WATER FACTORY

MARCH 30, 2011

As I've [mentioned before](#), I just love the textile prints and darling products from [Winter Water Factory](#). The bold colours and beautiful patterns are so happy, and this season's new prints are as cute as can be. And of course everything is made from 100% certified organic cotton - an added bonus.

Winter Water Factory is giving away one of these super cute onesies to one lucky reader. Choose between the [High Seas](#) print (left) or the pink and red [Danish Flower](#) print (right). Just leave a comment below by next Wednesday, April 6th, and we'll pick one winner at random. Good luck!
