CITY WALKS with kids

PARIS

50 ADVENTURES ON FOOT

I just found out about the [City Walks with Kids Guides](#) and wonder how I ever managed to travel without them. It is such an ingenious concept! Instead of a book, it is a pack of cards you can take along for the walk you want to go on. The walks are cleverly laid out so that they are easily done with kids and take you to famous and not so famous places that the whole family can enjoy. I love the way the texts are written - they are packed full of little anecdotes and stories that will get everyone's attention.

I am definitely picking up [City Walks with Kids in Paris](#). Though I live in this city, I have never used a travel guide to explore it with my kids, and it will be a fun thing to do this summer! [City Walks with Kids in Paris](#) and [City Walks with Kids in London](#) are available from [Smallable](#). The other City Walks with Kids ([Washington](#), [San Francisco](#) and [New York](#)) are available from the [Chronicle Books](#) website.
