

## JUNIKIT, STYLISH BABY BAGS AND ACCESSORIES

FEBRUARY 16, 2012

I'm sure I'm not the only woman who 'has a thing about bags', am I? Anyway, I was pleased to discover [Junikit](#), at the [Kleine Fabriek](#) last month. Junikit is a company run by the two stylish sisters Katja and Sidney, who aim to produce classy changing bags and accessories for the modern, trend-conscious parent (or non-parent!). I was immediately taken by the beautiful illustrations featuring animals from different continents, the lovely selection of matching scarves, and, smart find - the little emergency first-aid kit (just perfect to pop in a bag or in the car's glove compartment). Stylish indeed! Also nice: the bags are made from water-resistant coated cotton on the outside (all PVC and phthalates free), and nylon on the inside, so they're super easy to clean and look after.

If you're also a little bit of a bag junkie, then take note: Junikit is now giving away an emergency first-aid kit in the [Australia](#) print to three lucky readers, so quickly head over to our [Facebook](#) page and leave a comment for your chance to win!
