

CUSHIONS FROM YELLOW VELVET

MAY 8, 2012

We moved into our house a little over a year ago, and the project of decorating it is still an ongoing task. Walls need artwork, sofas need cushions, we still desperately need a mirror in our bathroom (the list goes on)! I only just managed to get some very much-needed hooks up in the kids' rooms - it's amazing how long it can take to do something as simple as putting hooks on a wall!

Anyway, in my quest to buy new cushions for our home, I have discovered the most wonderful webshop specialising only in cushions and pillows. [Yellow Velvet](#) is a stylish and well-organised site with an even more stylish selection. They have cushions for every setting: living room, bedroom, outdoor areas, children's rooms, etc. There are so many great options, my only problem was choosing! I ended up buying a selection of these [embroidered linen cushions](#) for the yellow sofa in our living room (see below).

And now I'm super tempted to buy some [cushions](#) for the kids' rooms. There is no end to decoration it seems! Do check out [Yellow Velvet](#) if you're also in a decorating mood...
