

BOBO CHOSSES TAPESTRY RUGS

August 8, 2012

I recently spotted [this beautiful image](#) on the [Bleubird blog](#) and fell instantly in love with that [Bobo Choses tapestry rug](#) hanging on the wall. I love the colours and the texture that the tapestry brings to the wall, and love the idea of hanging it behind a baby's cot. In fact, I ordered one for our new babe... and think I might swipe the idea and do the same thing. (I'm already dreaming up the baby's bed/nursery!)

The [rugs](#) are on sale now... so if you're tempted by these beauties, scoop them up quickly.
