

## DIY: PERSONAL BIRTHDAY CANDLES

SEPTEMBER 17, 2012

This week in [escarabajos bichos y mariposas](#), I wrote about the candles I make for [my parties](#). I like them being more personal. The ones in the pictures are from my [son's cowboy birthday party](#). To make them long I use a wooden skewer, I attach the candle to the stick with some string and finally add a little object/goodie related to the party, in this case a blue star.
