POP AND LOLLI

SEPTEMBER 27, 2012

Wall stickers are a fun way to decorate a child's bedroom. I am a big fan of the colorful, fun, and oversized fabric wall stickers from [Pop and Lolli](#). The wall stickers are easy to install and 100% safe for your child. What I think sets [Pop and Lolli](#) wall stickers apart from the others is the size -the large size makes a statement and looks like a painted mural.

Here are a couple of tips on how I would decorate with the stickers: keep the walls and furniture neutral so that the colors in the stickers can pop, and display the wall stickers like a mural or headboard and hang them higher in the room.
