

CUTE CLOWN RATTLE BY GOODIES OF DESIRE

NOVEMBER 16, 2012

Cute, these [clown rattles](#) from the new collection of [Goodies of Desire](#). Andrea, the creative brain behind this darling German brand, sent Casper one and it has been keeping him company in his playpen since. It looks so happy there! I love how clever this toy is - it's easy to hold, safe to chew on, makes an interesting sound, and the loops forming the hair are the best to play with. And it's washable too! Such a lovely baby gift.
