

FILAMENT, BEAUTIFUL BABY SHOES

DECEMBER 4, 2012

Aren't these little leather [baby shoes](#) just so, so sweet? Maddalena from [Brobi](#) sent a pair for baby Marlow and I am now willing her tiny feet to grow just a little bit so the shoes will fit her! [Filament](#) is a French brand and the shoes are all crafted in France with 100% ultrasoft lambskin. I love all the different colours - the dusty blues, the pale pinks, the unisex [caramel](#) colour. Adorable!
