ITTIKID

JANUARY 9, 2013

ittikid

I am a huge fan of the online children's store [Ittikid](#). They carry beautiful clothing selected and imported from Scandinavia. Collections from brands such as Smafolk, Duns Sweden, Maxomorra, and Ferm living, to name a just a few. Everything in the store is well made and colorful, mostly made from organic cotton and hand screen printed patterns. The mission of Ittikid is to "inspire fun, imaginative, and comfortable play!"

I think it has worked with my children.

...and love to wear their comfortable, colorful clothing.

retched out. What amazes
