

MERI MERI EASTER DECORATIONS

MARCH 19, 2013

It's hard to resist these insta-cute packaged Easter party decorations by [Meri Meri](#). From [paper plates](#) to [egg hunt bags](#) to [dressing up bunny ears](#)! Everything you need for a festive Easter holiday! (Of course I had to pick up the bunny ears to bring with me when we visit Esther and family over Easter. Stay tuned for photos of all our kids dressed as bunnies!) And how fun are these [cupcake kits](#)?!

Meri Meri takes the hard work out of party prepping by offering coordinating themed party wear, all in the sweetest, most festive designs. Gotta love that. Available from [Little Baby Company](#).
