

SIMPLE LIVING THEME WEEK

OCTOBER 4, 2009

The credit crunch has been a bit of a wake-up call for all of us. It seems as if nowadays we're focusing more on what really matters, on the good things in life, our families, our health, our planet. In light of this new world order we at Babyccino have decided to focus our writing for the next week on the simple way of life. So... stay tuned for Babyccino's Simple Living theme week!

We have come up with some great craft ideas, inexpensive recipes, recycling projects, simple sewing ideas and lots more!! It has been really fun to come up with simple things to do with and for your family.

We hope you enjoy this week and please do share your own "simple" projects with us. We're sure that you have some great ideas and we would love to hear them!
