

TITLEE, AND LITTLE TITLEE

FEBRUARY 1, 2013

One of the exciting new discoveries we made at [Playtime](#) last weekend, is the Parisian jewellery brand [Titlee](#) (for adults) and [Little Titlee](#) (for kids). We instantly fell in love with the simple and fun designs! The strong graphics combined with the delicate chains result in very cool, contemporary and urban pieces, which are great for adults and children alike. I really love everything in the collection, and am tempted, sooo tempted...
