

Jane Grigson's Recipe for Shortbread (taken from her book [English Food](#)):

- 225g Plain Flour
- 75g Corn Flour
- 200g Butter
- 100g Caster Sugar

Sift the flours together into a large bowl, add the butter (at room temp) and sugar mix to combine into a dough (a good 4 or 5 mins). Roll out, cut into shapes and then bake in the oven at 180 degrees for about 12 mins (or until very slightly browning at edges).

How easy is that!
